## TITLE

 Award Winner  On Video

## Asphalt depot safety

### ARTICLE

A traffic control measure has been set up here to improve site safety. All personnel can be sure of a safe passage through the site away from vehicles. This has been enforced by a number of measures:

- Safety signs
- One-way traffic system with ,no entry™ areas
- Speed limits
- Signed and lined footpaths
- Audio and visual warning crossing equipment to aid crossing
- Access platform for concrete truck mixers

This has developed a genuine improvement in workers™ attitudes towards health and safety at the site.
