TITLE	
Eurobitume Winner 2022 - CEMEX	
ARTICLE	
<p>CEMEX Stourton</p> <p>The Judges said that the winning entry was a good example of the investigation of incidents and near misses, which looked at the combined effects of a number of root causes.</p> <p>The company had then come up with simple and cost-effective solutions for preventing potentially catastrophic incidents. CEMEX has used available technology to create a range of solutions which can be simply rolled out by others.</p> <p>Please watch the video to see the steps that CEMEX asphalt division took to make its sites involved with the storage and management of bitumen safer.</p>
